"We commissioned the wonderful birdcage for LightNight Liverpool 2015. Katy-Anne's creative vision and natural ability to charm the audience within the environment of a beautiful golden birdcage structure was a highlight of the festival. An incredible selection of diverse performers throughout the night which enthralled the audience."

Charlotte Corrie, Director, Open Culture

"So much fun and so magical, it was like it's own mini festival"

Audience member, Light Night

"My kids spent all weekend begging us to watch it again! It was the perfect show for the cat-lovers among us,"

Audience member, Tall Ships Regatta

TESTIMONIALS

"The best street theatre show I've ever seen!"

Audience member, Tall ships regatta

"The Birdcage was a highlight of our street theatre day. It appealed to a wide audience, and was an innovative spectacle which drew the audience in, engaged them and played with them, creating a 'buzz' in the city centre."

Elinor Randle, Physical Fest Programmer

"The Birdcage was a great booking for our festival - the beautiful structure comes to life with fabulous quirky performances, providing a lovely feature installation for the festival site. The team were very flexible, tailoring content for us and were able to accommodate other festival acts on the Birdcage stage. It was a pleasure to have them on site."

Sophie Meadley, Arts and Theatre Programmer, Festival Number 6
